Zero-emissions community bus for the local area

3 IMPROVE LOCAL TRANSPORT

LTN camera fines in Dulwich have raised £7m to date. These should be reinvested here, including in local public transport. We will campaign to introduce a zero-emissions community bus, more electric vehicle charging points and bike storage - these, not road blocks, are solutions to sustainably reduce pollution and traffic.

We will talk to you and represent our community

2 GIVE RESIDENTS A VOICE

Residents, local businesses and grassroots community groups will be our priority. Councillor candidates from other political parties are under pressure to take their party line in Southwark and can't represent you effectively. We can't represent you effectively. We know and understand Dulwich and will make sure your voice is heard.

We will reopen our roads

REMOVE THE FAILED ROAD CLOSURES

Labour's road blocks and cameras have caused hardship and unfairness, increased carbon emissions, disrupted buses and hindered our emergency services. We will reopen our roads, stop fining motorists and displacing traffic, and unblock the bus routes.

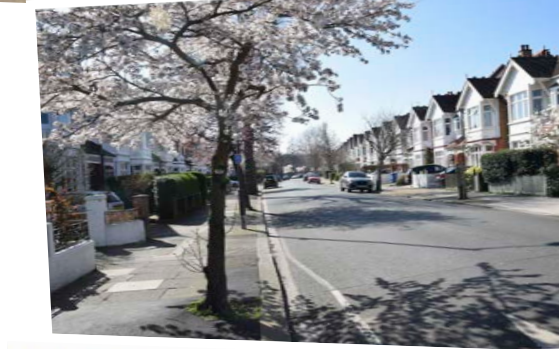

"COUNCIL MAKES A WHOPPING £6.6 MILLION FROM FINING DRIVERS IN DULWICH"

SOUTHWARK NEWS - 24 MARCH 2022

OUR THREE MAIN PRIORITIES FOR THE AREA

The local choice for Dulwich Village

Tristan HONEYBORNE & Clive RATES

Dear Resident

On Thursday 5 May, you will elect your new local councillors.

In 2018, Dulwich Village elected two Labour councillors for the first time. They have failed our community. Time and again, they have dismissed your concerns. They have imposed unfair road closures.

We have listened and we know that you want improved public transport, protection of our green spaces and a positive vision for our community.

We are the alternative to Labour. We will stand up for you. Vote for us to tell Southwark Labour that our community has a right to be heard.

We have both lived in Dulwich for many years. Professionally, Tristan is a solicitor and Clive is an accountant. We have the skills and determination to deliver for you and continue to hold Southwark Labour to account.

We have spoken to thousands of residents in the past few months. We have heard how you feel ignored. From our conversations we know that many of you will be voting Conservative for the first time at this election due to how local issues have been handled.

We know you have had enough of the current councillors - we are the only candidates with the policies, support and track record to beat Labour here.

We will take the responsibility of being your councillors seriously.

Tristan Honeyborne and Clive Rates

Conservative Candidates for Dulwich Village ward

Southwark Council Elections **Thursday 5 May 2022**

A strong, local team working for Dulwich Village

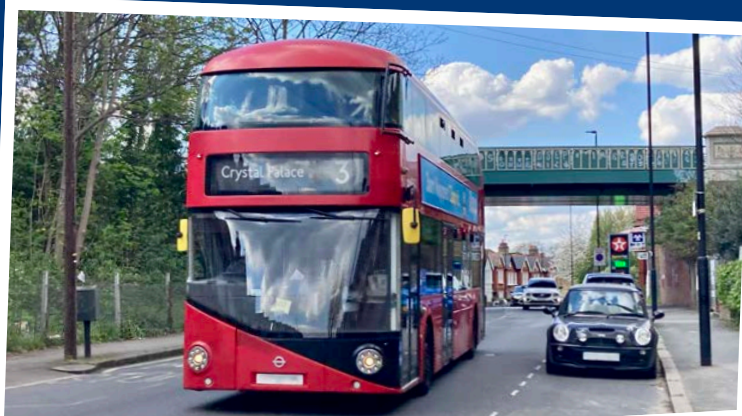

Tristan HONEYBORNE
Clive RATES

Your local Conservative candidates in Dulwich Village

Promoted by Alexander Gill, on behalf of Tristan Honeyborne and Clive Rates, all at 3 Gleneldon Road, London SW16 2AX. Printed by Paragon CC, Park House, Lower Ground Floor, 16-18 Finsbury Circus, London, EC2M 7EB.

What's at stake in this election for DULWICH VILLAGE

Roads & transport

Traffic and pollution on Croxted Road, East Dulwich Grove and elsewhere can only be improved by removing Dulwich's failed road blocks and cameras. Labour Councillors claim they have succeeded and will want more road closures in Herne Hill and North Dulwich.

We will:

- Represent the interests of pedestrians, bus users, the less mobile and local businesses.
- Support measures to improve road infrastructure, improve traffic flow and invest in our pavements and cycling.
- Campaign for a zero-emissions community bus linking Dulwich Village, Herne Hill and other hubs.
- Work with local schools and delivery companies to reduce their traffic footprint.

Democracy & representation

Southwark Labour are preoccupied with internal party politics instead of delivering for you. There is currently no effective opposition in Southwark Council.

We will use our professional backgrounds to provide the careful scrutiny that any well-run Council needs. We will listen to you and represent the whole community.

We will:

- Ensure that everyone has a fair say, not just those who shout the loudest.
- Always promote unbiased data and analysis when Council decisions are made.
- Always take the views of all residents, and businesses, into account.

Council tax & spending

Southwark Council spends £300 million of taxpayers' money each year. How much of that do you see? Under Labour, council tax continues to rise, but you've told us that services haven't improved.

It is perfectly possible to have low council tax and excellent services, as is the case in Conservative-run Wandsworth Council.

We will:

- Ensure taxpayers' money is spent in our community, and on those who need it most.
- Highlight areas of waste so that they can be tackled, which all current councillors are failing to do.
- Challenge excess payments made to Council politicians and officials.

Local community & environment

We want to champion and protect our amazing parks and green spaces, working with sports clubs and other grassroots community groups, making sure that we can all access them.

We will:

- Improve recycling, including a regular "mega bin" service for local disposal.
- Work to keep our streets clean and help tackle crime and anti-social behaviour.
- Reverse recently introduced charges to use tennis courts, public parking and other facilities in our parks.
- Support measures to improve biodiversity, and resist Southwark Labour initiatives to build "infill" developments on green land.

On Thursday 5 May vote for the strong local team that will deliver for you.
